

Beaches

| Location | Landmarks | Tourist routes | Beaches | Map | Ahtopol is famous for its beautiful and various beaches. The central beach The outflow of Veleka river Lipite beach Butamyata beach The central beach of the town of Ahtopol is located only at 200 m north of the "Maritime" hotel. It is a perfect beach with all the necessary facilities – sunshades, sun beds, restaurants, water wheels, jets, banana, water ski, boat trip and many more.

The outflow of Veleka river – It's 5 km south of the town of Ahtopol, just before the village of Sinemorect. This unique beach is favorite place for those who want to be in private with the nature.

Silistar beach – the pearl of the south Black sea coast. 11 km south of the town of Ahtopol and only 4 km from the border with Turkey, continuing on a devious path, through the forest you will reach a place with an amazing view. The beach is surrounded by picturesque sea shore, shallow warm sea water, fine sand which is flowing into venerable forests. In this magnificent place you can lightly touch to the virgin nature and to feel the kiss from the mysterious Strandja mountain and the Black sea. The Silistar beach is announced as a nature reserve in 1992

Lipite beach – It is rarely visited, surrounded by a forest. It is also known as the "wild beach", only a km from the Butamyata beach.

Butamyata beach is preferable because of the wide coastline surrounded by wood. A beach with life-guards and numerous attractive activities.
